

The resplendence of life

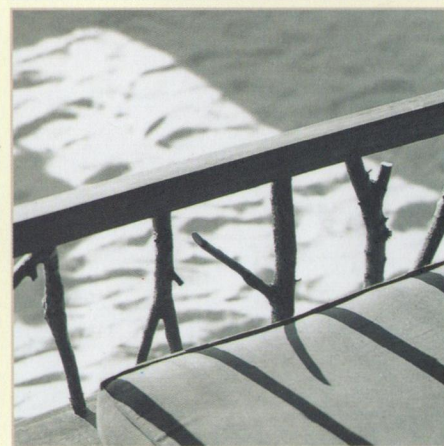

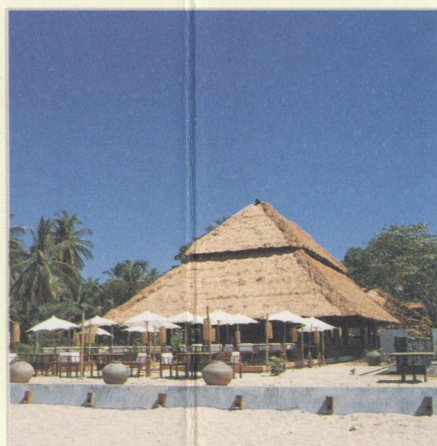

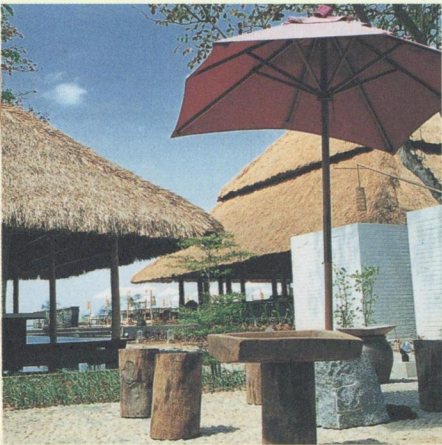

Our guests enter the grounds
of SriLanta through
the **Thorani Hall**.

The translation for the Thai word
"thorani" is earth.

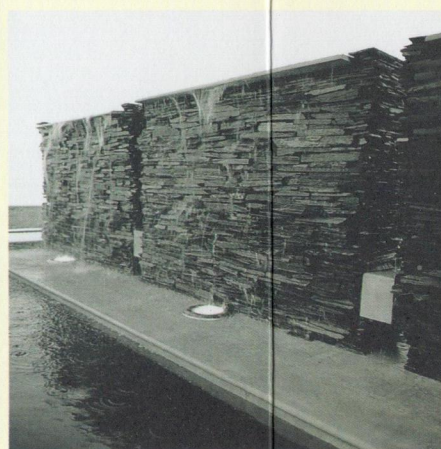

One of the villas grouped under
the name **Mother Earth**, symbolizing
the downward direction that is one
of the seven Sacred Directions given by
The Great Spirit to a tribe of
American Indians.

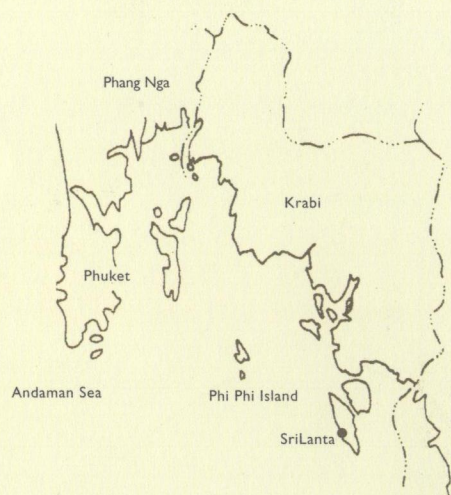

To experience SriLanta is to bask in the true nature of Lanta Island. All inspiration comes from the powering sun, the beauty of the sea and the tranquility of the ground and the mountains. SriLanta is set amidst 12 acres of landscaped hillside by the Andaman Sea, Thailand, in the charming village of Baan Klongnin, the most southern district of Krabi province. Lanta Island was once known as Pulau Satak in Malay language, which means long-beach island. Later on, many Thais, both Muslim and Buddhist came to live on the island and to some it seemed to be a million islanders, which made people think that "lanta" means "too many to judge by the eye", in Thai.

Anodana Pool

Ancient Thai literature "Trai Poom Praruang" describes the Anodana pond on the sacred Prasumain mountain as the place for healing body and soul.

The design of SriLanta is a primer
of living well but sensibly.
We have gathered various
philosophies and all the gifts
of nature and blended them
into the right composition.
SriLanta is for those who believe
that the quality of life comes,
not in accumulating things
but in paring down to the essentials.
